

RELOCATE MARTIN SHELLEY TO STREET 188

Resting

Fundraising

Helping

Executive Summary

Street 190 has become increasingly incompatible with my continued residence. Street 188 contains:

- ✓ Styx
- ✓ Fewer catastrophic incidents involving my immediate social circle
- ✓ Styx
- ✓ A statistically significant reduction in spontaneous emotional suffering
- ✓ Styx
- ✓ Improved access to brunch
- ✓ Styx

After extensive research, observation, and a regrettable amount of spreadsheet work, I have concluded that relocating to Street 188 would improve community well-being by approximately 84%. The remaining 16% accounts for variables involving Gee-off-ree.

A Community Investment Opportunity

*This is why it is comprehensive.

CURRENT PROBLEMS WITH STREET 190

Issue 1: Distance from Styx

Current distance from Styx:

Too Far

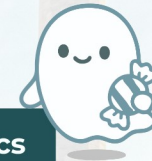

Desired distance from Styx:

Across the hall

or

Within yelling distance

"The pie chart being entirely labelled 'STYX' feels important."
- street 188 resident

Issue #2: Emotional Logistics

Current situation:

- Must travel to see Styx.
- Must plan around travel.
- Must return home afterward.

This system is inefficient and frankly insulting.

"I thought this was a joke...Then he showed me the charts."
- Xion

Issue #3: Street 190 Is Full Of Street 190

No further explanation should be required.

BENEFITS TO STREET 188

Economic Benefits

- Increased book purchases.
- Increased coffee purchases.
- Increased impulse purchases of decorative skeletons.
- Increased local tax revenue generated by Martin's inability to leave bookstores unsupervised.

Social Benefits

- Book club! (IT'S NOT A CULT)
- Styx can locate me faster during emergencies.
- Xion can locate me faster during emergencies.
- Ghost can locate me faster during emergencies.
- Everyone can locate me faster during emergencies.

I have noticed a pattern.

Community Benefits

If I live on Street 188, I will no longer need to travel there so frequently. This reduces:

- Traffic
- Scheduling complications
- The probability of me appearing unexpectedly with twenty-seven books and a philosophical concern

Also, community updates via street performances!

*"Frankly, if he's willing to spend this much effort moving here, I think he's earned it."
- street 188 resident*

FINANCIAL REQUEST

To facilitate this relocation, I am respectfully requesting:

Funds An amount sufficient to relocate one (1) Martin Shelley*

**Approx. cost of Martin's second outfit which includes a glowing skull attainable via gold silk.*

Costs include:

- ✓ housing
- ✓ transportation
- ✓ books
- ✓ additional housing for books
- ✓ emergency housing for books acquired after relocation

FAQS

"Martin, are you only doing this because Styx lives there?"

No. There are many reasons. Please see pages 2-17.

"Martin, did you create a seventeen-page proposal?"

It seems you already know that answer.

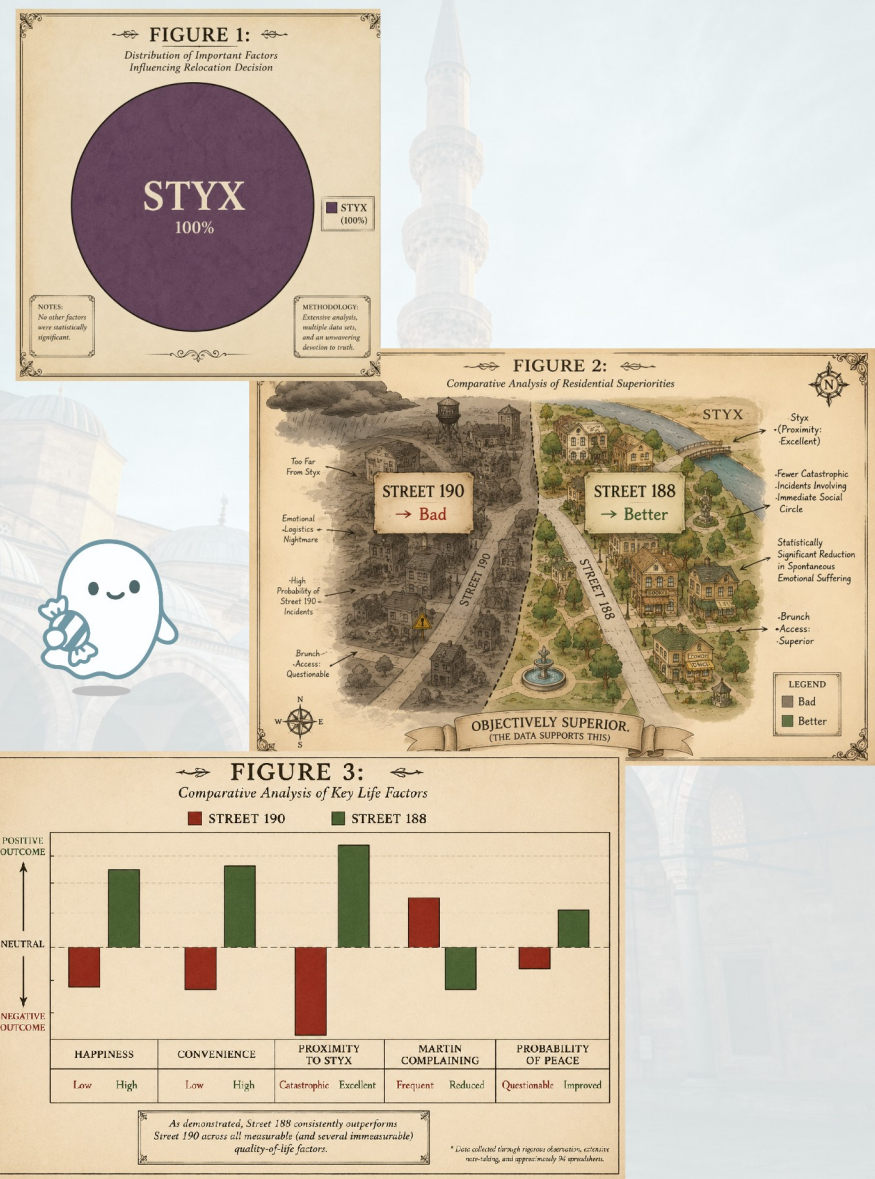

"Wouldn't this be easier if you simply admitted you miss her?"

Irrelevant. Next question.

"Why are there charts?"

The charts are essential.

SUPPORTING EVIDENCE

CONCLUSION

Street 188 is objectively superior.
The evidence is overwhelming.
The charts are persuasive.
The mathematical are entirely coincidental.
Thank you for your consideration.

- Martin Shelley

Future Resident of Street 188

(pending funding approval, zoning considerations,
and Ace's willingness to tolerate and fund what is
clearly an excellent idea)

Disclaimer: Any allegations that this proposal was motivated primarily by affection for Styx are speculative, unsupported, and contradicted by at least three separate spreadsheets. The spreadsheets are available upon request. Please do not request them. They are 94 pages long.
